

Irma Doré

Client Program Manager, Katerra

As a Program Manager at Katerra, Irma works closely with clients to provide leadership, direction and coordination for their development programs and projects. She does this by providing clients with consistent communication and a single point of contact. As a full-service partner, Katerra's Program Management team strives to provide comprehensive client services that align goals, visions, and cultural principles.

Irma brings with her a wealth of multidisciplinary experience and expertise as an architect, project manager, and owner's representative to effectively oversee and deliver complex and challenging projects that make a difference. Irma has been in a variety of leadership and management roles for organizations such as Axis Planning & Development, Port Blakely Communities, Investco Management Services, Watermark Estate Management Services, Unico Properties, and Vulcan. She also has extensive architectural experience, having worked with GGLO, Mithun Partners, Bay Ridge Properties, Inc. and Milbrandt Architects.

Irma's vast experience, broad skill sets, and engaging personality enables her to be highly effective at aligning all stakeholders and project priorities in the development process. She received her Bachelor of Architecture and Bachelor of Science in Architectural Studies from Washington State University.
