

Sara Disney Haufe

Senior Transportation Engineer, Sam Schwartz

Sara Disney Haufe is a Senior Transportation Engineer at Sam Schwartz, where she is responsible for project management and business development in the areas of traffic engineering, parking analysis & management strategies, and transportation planning. During her 13-year career as a transportation consultant, Sara has delivered solutions to clients in the public and private sectors on a variety of project types, including residential, commercial, and industrial developments; expansion and revitalization efforts for campuses and downtown districts; and large-scale infrastructure improvements. Through this experience, she has developed a strong conviction for the foundational role of transportation in the land use industry and strives to leverage her profession to foster livable and successful communities. Sara earned a Bachelor of Science in Civil & Environmental Engineering from the University of Illinois at Urbana-Champaign and is a member of the ULI Chicago Product Council – Red Flight.
